JASPER, MO., THURSDAY AUGUST 6, 1914.

Vol. 16, No. 49

## School Days Will Soon Be Here

Are the kiddies ready? How about their school days' supply of shoes? We have just what they need—the good heavy shoes that stand the rough and tumble wear that boys and girls will give them. Come in today and look over the varied Black Cat children's hosiery line. Don't put off this important preparation for school days.

## Attractive Display of New Fall Gingham

It is autumn in the gingham department, for we have all our school gingham and wash goods on our shelves. A prettier display of colors and patterns it would be hard to find, so with school only a month off we advise you to come in at once and buy your fall gingham while our assortment is complete, and get the kiddies ready for the school year of 1914 and 1915.

Make our Store your headquarters for the children's school days' apparel. Our selection in all departments is wide and varied

Committeeman—  
N. H. Patterson, rep 24  
C. L. Hayzlett, dem 35

#### Births.

The following births were reported to The News this week:

By Dr. Knott—  
To Frank Buerge and wife, three miles east, a boy, Wednesday, July 29.  
To Roy Massey and wife, eight miles northeast, a boy, Thursday, July 30.  
To Fred Gardner and wife of Carthage, a boy, Friday, July 31.  
By Dr. Schooler—  
To Charles Pugh and wife, nine miles west, a boy, Sunday, August 2.

### Hoist the Flag at the School House.

Toward the close of the last school year The News made note of the fact that so few school houses were flying the Stars and Stripes. It being at that time so close to the end of the year we promised to bring the matter up again this year. In another month thousands of Missouri boys and girls will have started in school for another year. Over school buildings in the large cities Old Glory is unfurled every morning and kept at the top of the flagpole until evening, and it is well that it is so, but if there is any good reason for floating the American flag over a public school building anywhere that reason will apply just as well to the country school.

Flags are not expensive. A cotton flag in fact colors, three by five feet in size, can be bought for \$1.00; larger ones and those made of wool cost more. Every board of school trustees in this county should see to it that a good sized flag is furnished their school, and means provided for flying it outside the school during the day, and teachers should be requested to see that it is done. And if the writer hereof were a school teacher he would consider it part of his duty as such to teach reverence and respect to the Stars and Stripes.

We hope the Jasper board will take this matter up before school opens and see that our splendid school building is properly equipped in this respect.

### Looking Ahead.

Looking ahead a little one can see the splendid improvements that will take place in Jasper in the next two years. Among the same will be the removal of the antiquated pumps from the middle of the street and then graveling and oiling the streets; replacing the ugly hitch racks now in use with good smooth solid racks made of iron pipe and set in cement, electric lights and a water system.

These are a few of the most imperatively needed and long delayed improvements that citizens of this town two years hence will in all probability be in the full enjoyment of. True, some of them are long overdue, but they will be of no less value when they come.

May the day that will bring these things to Jasper speedily come.

Those pumps in the street—  
"heraus mit'em!"

### Electric Lights Under Consideration.

A proposition to install and maintain an electric lighting system in Jasper has been submitted to the city council by Golden City parties.

Briefly the proposition is as follows: The promoters ask for a 20-year franchise and agree to establish and maintain an adequate electric-light plant here to furnish lights for streets and for business houses and residences. The street lights, which are to be large arc lights, are to cost the city \$5.00 a month; smaller lights for inside lighting will be furnished at the rate of one for 20 cents a month or three for a dollar. It is to be an all-night service.

No bonus of any kind is asked and neither party to the contract is to be bonded. In case the city accepts the offer, the promoters of the contract agree to fulfill their part of the contract in six days or forfeit their franchise. It is also provided that at any time the company fails to keep its plant and system up so as to provide good and satisfactory service the city may revoke the franchise.

### A Good Suggestion.

City Marshal John Ward and The News man were chatting on the street the other day when Mr. Ward made a suggestion that if carried out would add much to the appearance of Grand avenue from First to to Main streets, besides eliminating the chances for accidents and adding materially to the convenience of the people who drive about our streets.

Mr. Ward said: "Those two pumps ought to come out of the middle of the street. This well up here at Grand and Main is of little use and gives out in a few minutes when the pump is used steadily. It ought to be filled up and the place smoothed over. The other well at First and Grand is a good well and if we would put a force pump at one of the corners connected with that well, and take that pump out of the middle of the street, we would be doing the public a real service."

The suggestion is a good one, and if the council has not some such plan under consideration we hope they will take it up soon. The pumps in the street are ugly besides being an impediment to travel.

A nice trade in our grocery department convinces us that the people appreciate our high class line.—Cordz & Son.

### Services at the Baptist Church.

Regular services will be held in the Baptist Church Sunday morning and evening. Sunday school begins at 10 a. m., preaching at 11 a. m. and at 8 p. m. Everyone cordially invited.

Preaching by the pastor. Subject, morning and evening, "The Seven Sayings of Christ On the Cross."

### School Board Elects Principal.

Miss Bowman of St. Louis was elected principal of the Jasper High School at the last meeting of the board. Miss Bowman comes highly recommended by the school inspection department of the State.

### Rye for Sale.

For Sale—Rye for seed. A. W. Schott, 2 miles south and one west of Jasper, address route 6, Carthage.

### Rev. Mr. Talmage on Banks

"I cannot imagine any more unfair or meaner thing for a man to get his sins pardoned at the last minute, and then go to heaven and live in a mansion, and go riding around in a golden chariot over golden streets while his wife and children, whom he might have provided for, are begging cold victuals at the basement door of an earthly city. It seems to me that there should be a poor house somewhere on the outskirts of heaven where those guilty of such improvidence should be kept for a while on soup and gristle, instead of sitting down at the King's table."

"It is said that the church is a divine institution, and I believe it; just as certainly are the BANKS divine institutions and they do a wonderful power of good in encouraging the spirit of thrift that is necessary for insurance against distress."

Words from wise men are always heeded by ambitious and conservative people. Open an account with us and be able to pass to the celestial realm with a clear conscience.

## "Nyal's Peptonized Beef, Iron and Wine"

This preparation is an efficient combination in which are united the nutriment of Beef, the tonic powers of Iron, and the stimulating properties of Wine.

It is of great value as a nutritive tonic in the treatment of impaired nutrition, impoverished blood, and in various forms of general debility.

In case of sudden exhaustion arising from acute or chronic diseases, its use will be followed by prompt results.
